

MATERIAL SAFETY DATA SHEET

1. Product and Company Identification

Product number 005

Product name Jet Force Wasp & Hornet Killer

Effective date 19-Feb-2008

Company information Claire Manufacturing

500 Vista Ave.

Addison, IL 60101 United States

Company phone General Assistance 630-543-7600 Emergency telephone US 800-424-9300

Emergency telephone outside US 703-527-3887

Version # 1.0

Supersedes date 08-Nov-2007

2. Hazards Identification

Emergency overview Aerosol.

Harmful in contact with eyes. Prolonged exposure may cause chronic effects.

CONTENTS UNDER PRESSURE.

Pressurized container may explode when exposed to heat or flame.

OSHA regulatory status This product is considered hazardous under 29 CFR 1910.1200 (Hazard

Communication).

Potential health effects

Routes of exposure Inhalation.

Eyes Contact may irritate or burn eyes. Eye contact may result in corneal injury.

Skin Prolonged or repeated contact can result in defatting and drying of the skin which may

result in skin irritation and dermatitis (rash). Harmful if absorbed through the skin.

Inhalation Intentional misuse by concentrating and inhaling the product can be harmful or fatal.

Prolonged inhalation may be harmful.

Ingestion Exposure by ingestion of an aerosol is unlikely. Ingestion may cause gastrointestinal

irritation, nausea, vomiting and diarrhea. May cause delayed lung damage.

Target organs Respiratory system.

Chronic effects Conjunctiva. May cause delayed lung damage.

Signs and symptoms Discomfort in the chest. Corneal damage. Conjunctivitis. Defatting of the skin. Irritation.

3. Composition / Information on Ingredients

Components	CAS#	Percent
Isopropyl Alcohol	67-63-0	8 - 10
Carbon Dioxide	124-38-9	3 - 5
Non-hazardous and other components below reportable levels	80 - 90	

4. First Aid Measures

First aid procedures

Eye contact Immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention

immediately.

Skin contact Wash off with warm water and soap. Get medical attention if irritation develops or

persists.

Inhalation Move to fresh air. Oxygen or artificial respiration if needed. Do not use mouth-to-mouth

method if victim inhaled the substance. Induce artificial respiration with the aid of a pocket mask equipped with a one-way valve or other proper respiratory medical device. Get

medical attention immediately.

Product name: Jet Force Wasp & Hornet Killer

Ingestion

Have victim rinse mouth thoroughly with water. Get medical attention immediately. Do not induce vomiting without medical advice. If vomiting occurs naturally, have victim lean forward to reduce risk of aspiration. Do not use mouth-to-mouth method if victim ingested the substance. Induce artificial respiration with the aid of a pocket mask equipped with a one-way valve or other proper respiratory medical device.

Notes to physician General advice Symptoms may be delayed.

Immediate medical attention is required.

5. Fire Fighting Measures

Flammable properties

Containers may explode when heated. Runoff to sewer may cause fire or explosion hazard.

Extinguishing media

Suitable extinguishing media

Large Fires: Water. Water spray, fog or regular foam.

Small Fires: Dry chemical, CO2, water spray or regular foam.

Unsuitable extinguishing media

Protection of firefighters

Do not use a solid water stream as it may scatter and spread fire.

Protective equipment and precautions for firefighters

In the event of fire and/or explosion do not breathe fumes. Wear full protective clothing, including helmet, self-contained positive pressure or pressure demand breathing apparatus, protective clothing and face mask. If tank, rail car or tank truck is involved in a fire, ISOLATE for 800 meters (1/2 mile) in all directions; also consider initial evacuation for 800 meters (1/2 mile) in all directions. ALWAYS stay away from tanks engulfed in flame. Fight fire from maximum distance or use unmanned hose holders or monitor nozzles. Withdraw immediately in case of rising sound from venting safety devices or any discoloration of tanks due to fire. Containers should be cooled with water to prevent vapor pressure build up. For massive fire, use unmanned hose holders or monitor nozzles; if this is impossible, withdraw from area and let fire burn. Cool containers with flooding quantities of water until well after fire is out.

6. Accidental Release Measures

Personal precautions

Ensure adequate ventilation. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Ventilate closed spaces before entering. Keep unnecessary personnel away.

Methods for containment

Eliminate all ignition sources (no smoking, flares, sparks, or flames in immediate area). Stop leak if you can do so without risk. Move the cylinder to a safe and open area if the leak is irreparable. Prevent entry into waterways, sewers, basements or confined areas. Small Spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean contaminated

surface thoroughly. After removal flush contaminated area thoroughly with water.

Methods for cleaning up

7. Handling and Storage

Handling

Pressurized container: Do not pierce or burn, even after use. Do not handle or store near an open flame, heat or other sources of ignition. Use only in area provided with appropriate exhaust ventilation. Do not use if spray button is missing or defective. Do not get this material in contact with eyes. Do not get this material in contact with skin. Avoid prolonged exposure.

Storage

Level 3 Aerosol.

Contents under pressure. Do not puncture, incinerate or crush. The pressure in sealed containers can increase under the influence of heat. Keep away from heat and sources of ignition. Avoid exposure to long periods of sunlight. Store in cool place. Keep container tightly closed. Keep the container dry. Keep in an area equipped with sprinklers. Keep out of the reach of children. Use care in handling/storage.

8. Exposure Controls / Personal Protection

Exposure limits

ACGIH

Components	CAS#	TWA	STEL	Ceiling
Isopropyl Alcohol	67-63-0	200 ppm	400 ppm	Not established
Carbon Dioxide	124-38-9	5000 ppm	30000 ppm	Not established

Product #: 005 Revision date: 19-FEB-2008 Print date: 19-FEB-2008

OSHA

Components	CAS#	TWA	STEL	Ceiling
Isopropyl Alcohol	67-63-0	400 ppm	Not established	Not established
Carbon Dioxide	124-38-9	5000 ppm	Not established	Not established

Engineering controls Ensure adequate ventilation, especially in confined areas.

Personal protective equipment

Eye / face protection Wear chemical goggles.

Skin protection Wear appropriate chemical resistant gloves.

When workers are facing concentrations above the exposure limit they must use Respiratory protection

appropriate certified respirators.

General hygeine considerations When using do not smoke. Avoid contact with eyes. Avoid contact with skin. Handle in

accordance with good industrial hygiene and safety practice.

9. Physical & Chemical Properties

Appearance Not available Color Colorless. Odor Solvent. Physical state Liquid. **Form** Aerosol.

Flammability (HOC) 37.97 kJ/g estimated

Flash back

Pressure 70 - 90 psig @ 70F

Solubility **Partially** Flash point None

390.2 °F (198.9 °C) estimated **Boiling point**

Specific gravity 0.8136 estimated pН Not applicable

10. Chemical Stability & Reactivity Information

Chemical stability Stable at normal conditions. Risk of ignition.

Conditions to avoid Heat, flames and sparks. Hazardous decomposition products May include oxides of nitrogen.

11. Toxicological Information

Acute effects Acute LD50: 5163 mg/kg estimated, Rat, Oral

Acute LD50: 2260 mg/kg estimated, Rat, Dermal Acute LC50: 6 mg/l/4h estimated, Rat, Inhalation

Sensitization Not expected to be hazardous by OSHA criteria.

Local effects Contact may irritate or burn eyes. Components of the product may be absorbed into the

body through the skin.

Chronic effects Hazardous by OSHA criteria. Prolonged or repeated exposure may cause lung injury.

Prolonged exposure may cause chronic effects.

Neurological effects Not expected to be hazardous by OSHA criteria. Mutagenicity Not expected to be hazardous by OSHA criteria. Reproductive effects Not expected to be hazardous by OSHA criteria. **Teratogenicity** Not expected to be hazardous by OSHA criteria.

Epidemiology Hazardous by OSHA criteria.

12. Ecological Information

Ecotoxicity LC50 51.6 mg/L estimated, Fish, 96.00 Hours,

IC50 11776 mg/L estimated, Algae, 72.00 Hours,

Components of this product have been identified as having potential environmental

concerns.

13. Disposal Considerations

Waste codes D001: Waste Flammable material with a flash point <140 F

Product name: Jet Force Wasp & Hornet Killer MSDS US

Consult authorities before disposal. Contents under pressure. Incinerate the material under controlled conditions in an approved incinerator. Do not allow this material to drain into sewers/water supplies. If discarded, this product is considered a RCRA ignitable waste, D001. Dispose in accordance with all applicable regulations.

14. Transport Information

Department of Transportation (DOT) Requirements

Basic shipping requirements:

Proper shipping name Consumer commodity

Hazard class ORM-D Subsidiary hazard class None

Additional information:

Packaging exceptions 156, 306 Packaging non bulk 156, 306 Packaging bulk None

IMDG

Basic shipping requirements:

Proper shipping name AEROSOLS, flammable

Hazard class 2.1 **UN** number 1950

Additional information:

Packaging exceptions LTD QTY

Item 5F 2.1 Labels required **Transport Category**

IATA

Basic shipping requirements:

Proper shipping name Aerosols, flammable

Hazard class 2.1 **UN** number 1950

Additional information:

Packaging exceptions LTD QTY

15. Regulatory Information

US federal regulations This product is a "Hazardous Chemical" as defined by the OSHA Hazard Communication

Standard, 29 CFR 1910.1200.

CERCLA/SARA Hazardous Substances - Not applicable.

Occupational Safety and Health Administration (OSHA)

29 CFR 1910.1200 hazardous

chemical

CERCLA (Superfund) reportable quantity

Superfund Amendments and Reauthorization Act of 1986 (SARA)

Hazard categories Immediate Hazard - Yes

Delayed Hazard - Yes Fire Hazard - Yes Pressure Hazard - Yes Reactivity Hazard - No

Section 302 extremely

hazardous substance

Section 311 hazardous chemical Yes

MSDS US 4/5 Product #: 005 Revision date: 19-FEB-2008 Print date: 19-FEB-2008

Inventory status

Country(s) or region	Inventory name	On inventory (yes/no)*
China	Inventory of Existing Chemical Substances in China (IECSC)	Yes
Europe	European Inventory of New and Existing Chemicals (EINECS)	No
Europe	European List of Notified Chemical Substances (ELINCS)	No
Japan	Inventory of Existing and New Chemical Substances (ENCS)	No
Korea	Existing Chemicals List (ECL)	No
United States & Puerto Rico	Toxic Substances Control Act (TSCA) Inventory	Yes

A "Yes" indicates that all components of this product comply with the inventory requirements administered by the governing country(s)

State regulations

U.S. - Pennsylvania - RTK (Right to Know) List

Carbon Dioxide 124-38-9 Present

Isopropyl Alcohol 67-63-0 Environmental hazard

16. Other Information

HMIS® ratings Health: 2*

Flammability: 4 Physical hazard: 0
